Boston, Dec. 19, 1860.

Messrs. A. M. Bininger & Co.

Gentlemen: —1 purchased, as you requested, a bottle of your "Old London Dock Gin," as sold in the stores of this city, and have made chemical analysis of this sample. It contains 42 per cent. of absolute alcohol, with odor and flavor of Juniper berries only.

On evaporation to entire dryness, this Gin is 'cound to contain 1 42-100 ounces of saccharine matter per gallon, and this residual matter contained nothing else.

There is no adulterating ingredients or injurious matte of any kind in this Gin, and it contains the intrinsic mer its of a pure article.
